***The Book of Second
Chances***

The Book of Second Chances

By J. Michael Blumer

If you were 12, in a wheelchair, and found a magic book, what would you do? Use it to save a distant world, or use it to walk again? That's the challenge Windslow and Hillary face when they dream-slip to the world of Gabendoor each night and battle the evil Fistlock and his shadow creatures.

With an assortment of odd companions and three colorful wizards, Hillary and Windslow struggle to solve the book's mysteries. It's their only hope to defeat Fistlock and save Gabendoor.
